

Mills Ideal Theory - Jankovic

- best way of realizing the ideal is thru the recognition of theorizing the nonideal

ideal theory = moral theory

ideal-as - normative

ideal-as - model

↳ ideal-as - descriptive

ideal-as - idealized → legal system, family, etc.

distinguishes ideal theory is its reliance on idealization as the exclusion of the actual

oppression to not be discussed in ideal ~~the~~ theory

compliance - refers Rawls & his urgency of complying to maintain a well governed society

2 Discussion about Dante:

"Poems of Youth" or La Vita Nuova
was written about Dante's best friend, not for
Beatrice

Dante born in Florence, Italy

Beatrice was dressed in soft crimson, and
her angelic

- met when she was 8 & ~~she~~ was 9.

↳ saw each other 9 years later

- fakes liking another woman in public to "protect"
propriety & purity

- chooses another screen love when other one
moves; starts getting jealous

- her dad dies, then she dies at 26. : Nooo

Dante was a White Guelph / popular party
↳ Cavalcanti

Pope Boniface responsible for Dante's exile
during exile, Dante writes Convivio, more of
a philosophical aspect on his exile

page paper/summary

Nuremberg Trials must be understood as a product of its specific historical context, rather than a flawed model of intl justice judged by later standards

- better alternative to the other solution proposed at the time - simply executing them

trial exists due to Allies' ~~lack~~ failure to act against Nazi atrocities during the war, which is why getting post-war retribution was needed.

- argues that since original intent was to just shoot them, prosecution should stop

important to note this was written in the 90s
